CALM INVESTING FOR BHARAT

Plant today. Grow for life.

A calm investing app where every monthly SIP is a seed, and your portfolio becomes a living garden you can see.

OUR METAPHOR

Watch your money grow into a garden.

We ditched flashing tickers and casino bells. Instead, your portfolio is a garden: tall trees for steady index funds, flowering shrubs for flexi-caps, and sprouts for new seeds.

-  **Seed:** Any monthly SIP from ₹100.
-  **Watering day:** The date your SIP debits.
-  **Calm mode:** Daily P&L noise hidden.
-  **Breather:** 10s pause before panic selling.

PRICING & HONESTY

100% Direct. Zero F&O on purpose.

We only distribute direct mutual funds with ₹0 commission. Regular plans pay ongoing agent cuts that eat up to ₹1.4 Lakh over 10 years.

Direct Mutual Funds	₹0 Commission

Stock Delivery	₹10 flat / 0.1%

"Over 90% of retail F&O traders lose money. We refuse to sell futures or options. We only build long-term wealth."
